

### 10.—Income and Capital Resources of Universities and Colleges, Specified School Years Ended 1921-50

NOTE.—The larger universities and many of the colleges in Canada are included and represent an enrolment of approximately 80 p.c. of the full-time students of university grade throughout the period. The institutions omitted are mainly those conducted by religious orders where teachers receive little or no salary and the financial returns are consequently not comparable.

School Year Ended—	Current Income					Deficit <sup>1</sup>	Surplus <sup>2</sup>	Capital Resources		
	From Endowment	Government Grants	Student Fees <sup>1</sup>	Miscellaneous	Total			Land, Buildings and Equipment	Endowment	Trust Funds

<sup>1</sup> Board and lodging not included.

<sup>2</sup> Combined deficits or surpluses of schools reporting.

**University Training under the Veterans' Rehabilitation Act.\***—Assistance to veterans in training is provided under the Veterans' Rehabilitation Act as outlined in the 1948-49 Year Book at pp. 321-322.

Since veterans were obliged to commence their university training within 15 months after discharge, the number entering training has dropped very sharply. In the academic year 1950-51, approximately 8,000 veterans in universities were receiving assistance through the Department of Veterans Affairs compared with about 15,000 in 1949-50 and 24,000 in 1948-49. Since the commencement of the training program 9,000 veterans have had insufficient qualifying service to carry them through to graduation but 6,068 of them qualified for continued assistance by securing scholarship standing in their universities. In 1949-50, 94 p.c. of the student veterans passed their examinations and won a high proportion of the available scholarships.

The distribution of the 8,000 veterans enrolled in 1950-51 by academic years, was: first year 255; second year 309; third year 1,140; fourth or subsequent year 4,605, and post-graduate 1,299. Since the inception of the rehabilitation program in 1941, 54,000 veterans have received university training.

## PART II.—CULTURAL ACTIVITIES RELATED TO EDUCATION

### REPORT OF THE ROYAL COMMISSION ON NATIONAL DEVELOPMENT IN THE ARTS, LETTERS AND SCIENCES†

The basis of the appointment of the Royal Commission on National Development in the Arts, Letters and Sciences in April 1949 and its objectives are presented in the Year Book 1951 at pp. 315-316. The Commission completed its work and tabled its Report in Parliament on June 1, 1951. The Report immediately aroused great interest in the press and with the public, and in the following months it was the subject of innumerable articles and commentaries.

\* Prepared in the Department of Veterans Affairs, Ottawa.
