

Table 5 shows civil aviation figures for 1949-51 by type of service. For a definition of scheduled and non-scheduled carriers, see p. 805. Statistics for international carriers include traffic over Canadian territory for both Canadian and foreign operators; a small traffic across Canadian territory and between foreign stations is also included. Statistics for Canadian carriers operating international routes are included both as "International" and "Canadian" but duplications are excluded from the totals.
