¹ Includes wages charged to expenses and to capital.
for Quebec and Ontario are included under Quebec.

² Statistics of the Bell Telephone Company
³ Excludes wages and employees for rural systems.

Telephone Calls.—Table 7 is based on estimates made by systems operating almost 90 p.c. of all telephones in Canada. Actual count of calls on days of normal business was made and after adjustment for incompleting calls, holidays, Sundays, etc., the average was multiplied by 365. Practically all the long-distance calls were those actually completed.
