Lowlands and those of the southern Arctic Archipelago; (5) the mountains of the Canadian Appalachians; (6) the Western Cordilleras; (7) the Arctic ranges, the name for which is the Innuitian Region; and (8) the Arctic Coastal Plain.

A comprehensive treatment of these eight regions is given in the 1955 Year Book, pp. 3-10.

Subsection 2.—Inland Waters

The inland waters of Canada (not including salt water areas that are a part of Canada) are extensive, constituting over 6 p.c. of the total area of the country. They are best studied by segregating the main drainage basins as shown in Table 2.
