## Section 2.—Fire and Casualty Insurance

At the end of 1957, there were 307 companies registered by the Federal Government to transact fire insurance (82 Canadian, 89 British, and 136 foreign). Of that number, 294 companies (76 Canadian, 88 British, and 130 foreign) were also registered to transact casualty insurance. Thus it may be seen that most companies registered by the Federal Government to transact fire insurance in Canada also transact casualty insurance.
