<sup>1</sup> Includes old age security tax.

**Corporation Income Tax Statistics.**—Corporation statistics presented in Tables 21 and 22 are on a taxation-year basis prior to assessment. The data were extracted and compiled from the returns shortly after they were filed and are as declared by the taxpayer without the scrutiny or revision of the Department of National Revenue. Provincial figures contain an unavoidable bias in favour of Ontario and Quebec because many large corporations operating across Canada file their returns in one or other of these two provinces.
