Approximately 72 p.c. of all business in force in currencies other than Canadian is in United States currency and 17 p.c. is in sterling. From a slightly different point of view, approximately 25 p.c. of this business in force is in currencies of Commonwealth countries other than Canada, and 75 p.c. in currencies of foreign countries.

## 13.—Life Insurance Effected and in Force for Canadian Companies (excluding Fraternal Societies) under Federal Registration, in Currencies other than Canadian Dollars, by Currency, 1957.

## Section 2.-Fire and Casualty Insurance

At the end of 1958, there were 291 companies registered by the Federal Government to transact fire insurance (84 Canadian, 87 British, and 120 foreign). Of that number, 282 companies (78 Canadian, 87 British and 117 foreign) were also registered to transact casualty insurance. Thus it may be seen that most companies registered by the Federal Government to transact fire insurance in Canada also transact casualty insurance.

At the end of 1958, there were 85 companies registered by the Federal Government to transact casualty insurance but not fire insurance (16 Canadian, 6 British, and 63 foreign).

The figures in the preceding two paragraphs include 54 companies that were also registered to transact life insurance, 11 of which were registered for fire, life and casualty insurance and 43 for life and casualty but not fire insurance.

It should be noted that, in addition to the companies registered by the Federal Government to transact casualty insurance, there were 23 registered fraternal benefit societies transacting accident and sickness insurance, of which 20 also transacted life insurance.

As shown in Table 14, some fire and casualty insurance is transacted in Canada by companies that are provincially licensed only. These companies generally confine their operations to the province of incorporation but may be allowed to sell insurance in other provinces. Many of them are mutual organizations transacting only fire insurance on a county, municipal or parish basis.
