**Subsection 2.—Universities and Colleges**

**Institutions.**—At the beginning of the 1958-59 academic year there were in Canada 339 institutions of higher education offering one or more years of degree-credit courses. Table 7 gives their distribution by province. Of the total, 292 were under the control of religious bodies (225 Catholic), 23 under provincial government control, three under Federal Government control, and 21 under private non-denominational control. At the beginning of the 1960-61 academic year there were probably over 350 institutions in all. Detailed information is not yet available for that year.

**Enrolment.**—Full-time university-grade enrolment continued at a record high in 1960-61. Preliminary figures show 114,000 such students in attendance. Indications are that enrolments may well be double the 1960-61 figure in about 10 years. Table 8 gives figures on enrolment, by province, for the academic years ended 1958-61.
