## Section 2.—Fire and Casualty Insurance

At the end of 1960 there were 284 companies registered by the Federal Government to transact fire insurance in Canada (87 Canadian, 79 British and 118 foreign). Of these companies, 276 (81 Canadian, 79 British and 116 foreign) were also registered to transact casualty insurance. In addition, 95 companies were registered by the Federal Government to transact casualty insurance but not fire insurance (22 Canadian, 8 British and 65 foreign). Of the companies registered to transact fire and/or casualty insurance, 67 were also registered to transact life insurance; 13 of these were registered for fire, life and casualty insurance and 54 for life and casualty but not fire insurance. It should be noted also that, in addition to the companies registered by the Federal Government to transact casualty insurance, there were 25 registered fraternal benefit societies transacting accident and sickness insurance, of which 22 also transacted life insurance.
