<sup>1</sup> See footnote 1, Table 1.      <sup>2</sup> See footnote 6, Table 1.      <sup>3</sup> Not strictly comparable with previous years; see third paragraph, p. 645.  
<sup>4</sup> Figures for 1959 and later are not comparable with those of 1957 and 1958 because of a change in the method of valuation for products in the petroleum refining industry; on the revised basis, figures for 1957 and 1958 would be about \$268,000,000 lower.
