**Subsection 2.—Wholesale Trade**

Estimated sales of wholesalers expanded from \$5,784,400,000 in 1951 to \$8,897,100,000 in 1961. The figures given in Table 3 include only wholesalers proper, i.e., they exclude agents and brokers and manufacturers' sales branches. Sales estimates have been revised but have not been adjusted for price changes. The business of agents and brokers for the years 1957-59 is given in the 1962 Year Book, p. 869; no later figures are available.
