

- (4) the provision of assistance and guidance to provincial government and municipalities in respect of the preparation of civil emergency measures in matters that are not the responsibility of a department of the Federal Government;
- (5) the provision of general liaison with other countries and with NATO on matters relating to civil emergency measures; and
- (6) the responsibility for the direction and administration of the Canadian Emergency Measures College at Arnprior, Ont.

The Civil Emergency Measures Planning Order also defines the civil emergency powers, duties and functions of the Ministers of federal departments and agencies having immediate responsibilities in the event of a war emergency. Included in this category are the Departments of Agriculture, Defence Production, External Affairs, Finance, Fisheries, Justice, Labour, National Defence, National Health and Welfare, Post Office, Public Works, Transport, the Bank of Canada, Canadian Broadcasting Corporation, Central Mortgage and Housing Corporation and the Royal Canadian Mounted Police. In view of the Government Organization Act, 1966, it is anticipated the Department of Manpower and Immigration and the Department of the Solicitor General also will be included in this category.

Certain emergency functions of government are a projection of normal provincial peacetime responsibility. The following represent responsibilities of this kind, and are the concern of provincial authorities with such federal assistance as may be necessary:—

- (1) preservation of law and order and the prevention of panic by the use of provincial and municipal police and special constables, with whatever support is necessary and feasible from the Royal Canadian Mounted Police and the Armed Services at provincial request;
 - (2) control of road traffic, except in areas damaged or covered by heavy fallout, including special measures to assist in the emergency movement of people from areas likely to be attacked or affected by heavy fallout;
 - (3) reception services, including arrangements for providing accommodation, emergency feeding and other emergency supplies and welfare services for people who have lost or left their homes or who require assistance because of the breakdown of normal facilities;
 - (4) organization and control of medical services, hospitals and public health measures;
 - (5) maintenance, clearance and repair of highways;
 - (6) organization of municipal and other services for the maintenance and repair of water and sewerage systems; and
 - (7) organization of municipal and other fire fighting services, and control over and direction of these services in wartime, except in damaged or heavy fallout areas, where fire fighting services would be under the direction of the Army as part of the re-entry operation.
