**University, College and School Libraries.**—Libraries in 79 universities and colleges having enrolments of 100 or more students reported more than 11,000,000 volumes in 1964-65. Because of the larger enrolment served, the number of volumes per student declined from 63.9 in 1963-64 to 57.8 in 1964-65. However, expenditures per student increased from \$90.08 to \$98.89 in the same comparison. The full-time staff was 489 higher but the proportion of professional librarians employed was slightly lower at 28.3 p.c.
