¹ Fluctuations in apparent per capita flour consumption are caused partly by lack of complete data on flour inventories in all positions. ² Includes soybean flour. ³ Tomatoes canned, tomato juice, tomato pulp, paste and purée, and ketchup. ⁴ Exclusive of Newfoundland. ⁵ Includes process cheese. ⁶ Cream powder included in whole milk powder for 1964 and 1965. ⁷ Includes cream expressed as milk. ⁵ Includes evaporated and condensed skim milk, condensed buttermilk, sugar of milk, formula skim milk products and concentrated liquid skim milk.

Disappearance of Meats and Lard.—Production of meats from slaughter in Canada, total supply, distribution and per capita disappearance of meats and lard are shown in Table 45. All estimates are on a cold carcass-weight basis except canned meats, which are in terms of product.
