

agricultural products of \$2,500 or more during the 12 months preceding the census date of June 1, 1966. They were subdivided into eight classes according to the total value of products sold. Small-scale farms were divided into three sub-groups according to the value of products sold—\$1,200 to \$2,499; \$250 to \$1,199; and \$50 to \$249. The group classified as institutional farms, etc., includes experimental farms, community pastures, Indian reserve farms and institutional-type farms regardless of the amount of sales of agricultural products.

48.—Economic Classification of Farms, by Province, Censuses of 1961 and 1966
