

Toronto in Ontario; Calgary in Alberta; and Burnaby, Natal, Trail, Vancouver and Victoria in British Columbia. In addition, loans totalling \$1,100,000 were made to the cities of Calgary, Trail and Victoria to assist further in the implementation of these schemes; 1966 was the first year in which such loans were made.

Public Housing.—During 1966, approval was given for federal-provincial housing projects located in Corner Brook in Newfoundland; Sydney and Yarmouth in Nova Scotia; Winnipeg in Manitoba; Melfort and Prince Albert in Saskatchewan; and Drumbeller, Fort McMurray and Peace River in Alberta. These will provide 604 dwelling units. During the previous year, 324 units in four projects were approved. To the end of 1966, approval had been given for 13,088 rental units under the federal-provincial partnership arrangement. Of these, 10,474 are subsidized at rents related to the income of the tenants and the remainder are leased at fixed rents related to dwelling size and at levels sufficient to recover capital costs and meet operating expenses. The Federal Government's 75-p.c. share of the subsidized units, approved in 1965 but paid in 1966, was \$2,100,000.

Under arrangements with the Provinces of Nova Scotia and Prince Edward Island and their housing commissions, assistance may be given under the National Housing Act for co-operative house-building. In 1966, projects were approved for 66 units in Nova Scotia, the total approved in that province since the inception of the program in 1953 being 1,331 units. Since 1960, 119 units have been approved under similar arrangements in Prince Edward Island. In April 1965, agreement was reached between the Federal and Saskatchewan Governments for a joint program to provide housing for metis and enfranchised Indians in sparsely settled regions of northern Saskatchewan. During 1966, 24 units were approved, bringing the total to 36 located at Air Ronge, Beauval, Buffalo Narrows, Cumberland House, Île à la Crosse and La Ronge.

Loan assisted projects numbering 70 valued at \$59,200,000 were approved to Ontario Housing Corporation for 4,583 units. The projects are located in the municipalities of Arnprior, Barrie, Belleville, Brantford, Chelmsford, Galt, Guelph, Gore Bay, Hamilton, Kingston, Kitchener, Lindsay, Listowel, Metropolitan Toronto, Niagara Falls, Oshawa, Ottawa, Penetanguishene, Peterborough, Prescott, Owen Sound, Richmond Hill, Port Arthur, St. Thomas, St. Catharines, Sault Ste. Marie, Sudbury, Teck Township, Waterloo and Windsor. In 1965, 47 such loans were approved at a cost of \$36,100,000, providing 2,919 units. The estimated annual 50-p.c. federal contribution toward operating losses for such projects was \$1,400,000 in 1966. In the two and a half years that it has been in force, this legislation has resulted in the approval of 117 projects for 7,502 units.

Land Assembly.—Eight land assembly projects for 1,792 residential building lots were approved in 1966 under federal-provincial partnership agreements as follows: Marystown, Nfld. (237 lots), Amherst, N.S. (100 lots), Nackawic, N.B. (671 lots), Brockville, Ont. (324 lots), Hamilton, Ont. (213 lots), Longlac, Ont. (84 lots), Shaunavon, Sask. (89 lots), and Unity, Sask. (74 lots). In addition, the second phase of a project in St. John's, Nfld. (327 lots), was approved. During 1965, 662 lots were approved for development, the total from the inception of the program in 1948 to 1966 being 21,048 lots. Of the latter, 13,818 have been placed in a sales position and 12,667 have been sold.
