<sup>1</sup>Land capable of producing stands of trees 10 cm dbh and larger on 10% or more of the area.

<sup>2</sup>Excludes land in parks, game refuges, water conservation areas and nature preserves, where, by legislation, wood production is not primary.

<sup>3</sup>Non-reserved inventoried areas only; excludes Labrador, the Yukon Territory and Northwest Territories for which no data are available.

<sup>4</sup>Mature timber only.

## 10.2 Forest utilization, 10-year average 1966-75

| Item                               | Usable wood<br><i>'000,000 m<sup>3</sup></i> | Percentage of<br>total depletion |
|------------------------------------|----------------------------------------------|----------------------------------|
| Products utilized                  |                                              |                                  |
| Logs and bolts <sup>a</sup>        | 75.8                                         | 62.5                             |
| Domestic use                       | 75.0                                         | 61.9                             |
| Exported                           | 0.8                                          | 0.6                              |
| Pulpwood                           | 40.0                                         | 33.1                             |
| Domestic use                       | 38.1                                         | 31.4                             |
| Exported                           | 2.0                                          | 1.7                              |
| Fuelwood (incl. wood for charcoal) | 4.1                                          | 3.4                              |
| Other products                     | 1.3                                          | 1.0                              |
| Total utilization                  | 121.3                                        | 100.0                            |

<sup>a</sup>Includes some wood used in pulp manufacture.

## 10.3 Forest fire losses, 1976

| Province or territory | Number of fires | Area burned<br><i>ha</i> |
|-----------------------|-----------------|--------------------------|
| Newfoundland          | 348             | 196 461                  |
| Prince Edward Island  | 30              | 115                      |
| Nova Scotia           | 541             | 17 535                   |
| New Brunswick         | 411             | 4 616                    |
