9.6	Research and development expenditures		410	11.8.1	The role of government in the grains industry		486
	Table 9.3	413		11.8.2	Government involvement in other farm products		490
9.6.1	Federal expenditures		410	12 Mines and minerals			515
	Tables 9.4-9.6	413-414		12.1	Canada's mineral industry		515
9.6.2	Provincial expenditures		412	12.1.1	Review of the industry		515
9.6.3	Industrial expenditures		412		Tables 12.1-12.8	548-555	
	Table 9.7	414		12.1.2	Metals		521
10 Renewable resources			415		Tables 12.9-12.14	555-557	
10.1	Forestry		415	12.1.3	Industrial minerals		530
10.1.1	Forest resources		415		Tables 12.15-12.24	557-559	
	Table 10.1	450		12.1.4	Petroleum and natural gas		533
10.1.2	Forest depletion		420		Tables 12.25-12.26	559	
	Tables 10.2-10.4	450-451		12.1.5	Coal		535
10.1.3	Forest administration		420		Tables 12.27-12.29	560	
10.1.4	Statistics of forest industries		428	12.2	Government aid to the mineral industry		536
	Tables 10.5-10.12	451-453		12.2.1	Federal government aid		536
10.2	Fisheries		430	12.2.2	Provincial government aid		541
10.2.1	Federal government activities		430	12.3	Mining and petroleum legislation		544
10.2.2	Provincial government activities		433	12.3.1	Federal and departmental jurisdictions		544
10.2.3	Statistics of the fishing industry		439		Tables 12.31-12.34	545-545	
	Tables 10.13-10.19	453-455		12.3.2	Federal mining laws and regulations		545
10.3	The fur industry		441	12.3.3	Oil and gas legislation		545
	Tables 10.20-10.23	456-457		12.3.4	Provincial mining laws and regulations		546
10.4	Wildlife		443	13 Energy			561
10.4.1	The Canadian Wildlife Service		444	13.1	Energy policy		561
10.4.2	Provincial wildlife management		445	13.1.1	Department of Energy, Mines and Resources		561
11 Agriculture			458	13.1.2	National Energy Board		562
11.1	Trends and highlights, 1972		458	13.2	Fuels		563
11.2	Federal government services		459		Table 13.1	591	
11.2.1	Canada Department of Agriculture		459	13.2.1	Petroleum and natural gas		563
11.2.2	Farm assistance programs		462		Table 13.2	592	
11.3	Provincial government services		468	13.2.2	Petroleum refining and marketing		564
11.3.1	Departments of agriculture		468		Tables 13.3-13.4	593	
11.3.2	Agricultural schools		474	13.2.3	Natural gas processing and marketing		565
11.4	Yearly statistics of agriculture		474	13.2.4	Pipelines		565
11.4.1	Farm income		475		Tables 13.5-13.7	593-594	
	Tables 11.1-11.3	494-495		13.2.5	Coal		569
11.4.2	Field crops		476	13.2.6	Uranium		569
	Tables 11.4-11.7	495-498			Table 13.8	594	
11.4.3	Livestock and poultry		477	13.3	Electric power		570
	Tables 11.8-11.10	498-499		13.3.1	Electric power development		570
11.4.4	Dairying		477		Table 13.9	594	
	Tables 11.11-11.14	499-500		13.3.2	Current trends		570
11.4.5	Fruit, vegetables and other farm products		478	13.3.3	Utilization of electrical energy		571
	Tables 11.15-11.22	501-503			Tables 13.10-13.12	594-595	
11.4.6	Prices of agricultural products		480	13.3.4	Hydro-electric power generation		573
	Tables 11.23-11.25	503-504		13.3.5	Thermal power generation		574
11.4.7	Food consumption		480	13.3.6	Electric power transmission		575
	Tables 11.26-11.27	504-507		13.3.7	Developments in 1971		576
11.5	1971 Census of Agriculture		480	13.3.8	Generating capability and load requirements		577
	Tables 11.28-11.34	507-510			Tables 13.13-13.14	595-596	
11.6	International crop statistics		482	13.3.9	Electrical utilities		578
	Tables 11.35-11.36	511-512		13.3.10	Electric power statistics		589
11.7	The marketing of agricultural products		482		Tables 13.15-13.20	596-598	
11.7.1	The grain trade		482				
	Tables 11.37-11.40	513-514					
11.7.2	Livestock marketings		486				
11.8	Government aid and controls		486
