¹Les recensements postérieurs à 1921 ont omis les industries de la construction et des réparations; en conséquence, ce qui se rapporte à ces industries a été éliminé des recensements de 1917 à 1921, modifiant ainsi les chiffres déjà publiés. Le groupe des "réparations" embrasse les industries suivantes: vêtement sur mesure, teinturerie et blanchissage, réparations aux chaussures, à la bijouterie, aux automobiles et bicyclettes, les ateliers des forgerons et le travail à façon exécuté par les fonderies. Les statistiques des métalloïdes et des hauts fourneaux ont été incluses dans les produits manufacturiers depuis 1925 seulement.
