NOTA.

Dans le résumé qui précède, les statistiques de l'immigration, des pêcheries (1871-1916), du commerce, des transports maritimes, des postes, de la dette publique, des budgets, des banques d'épargne de l'Etat et caisses d'épargne postales, concordent avec les exercices budgétaires se terminant le 30 juin jusqu'en 1906 et le 31 mars des années subséquentes. Les statistiques concernant l'agriculture, l'industrie laitière, les pêcheries (depuis 1922), les minéraux, les manufactures, les banques, les compagnies d'assurance, les compagnies de prêt et de fiducie, la construction, les transports, les statistiques vitales, les hôpitaux et l'immigration sont basées sur l'année civile et celles des chemins de fer se rapportent aux années se terminant le 30 juin 1871-1916 et aux années civiles 1921 et 1926-36. Les statistiques des canaux couvrent les saisons de navigation. Celles de télégraphes correspondent avec les exercices budgétaires quant aux lignes de l'Etat, et avec les années civiles quant aux autres lignes.
