2.—Droits de douane perçus sur les importations et pourcentage des frais de perception aux recettes brutes, années fiscales 1911-40

NOTA.—Les chiffres de ce tableau indiquent la perception brute; le revenu net des douanes est beaucoup plus bas, à cause des drawback payés. Pour statistiques des revenus nets des douanes, voir le tableau historique du revenu, chapitre XXI, Finances Publiques. Les droits perçus sur les importations de 1868 à 1910 et les droits perçus sur les exportations de 1868 à 1892 sont donnés à la page 541 de l'Annuaire de 1940. Il n'y a plus de droits sur les exportations depuis 1892.
