

Section 2.—Tout commerce extérieur*

Pour l'étude des chiffres des tableaux suivants, on devra se reporter aux remarques explicatives concernant la statistique du commerce à la section 1. A noter que les importations et exportations d'or sont exclues de tous les tableaux. Le chiffre des importations en provenance du Royaume-Uni, de 1940 à 1946, est faussé par l'inclusion de quantités considérables d'articles non commerciaux dans les rapports du commerce (voir p. 952). Les statistiques relatives au Royaume-Uni ne se voient sous leur vrai jour que si ces articles non commerciaux sont exclus des statistiques sur les importations enregistrées.

Les chiffres du commerce du Canada de 1919 à 1948 figurent au tableau 1.

1.—Valeur du commerce extérieur global du Canada (sauf l'or), 1919-1948

NOTA.—Les chiffres établis d'après l'année civile n'existent que depuis 1919; les chiffres des années financières 1868-1919 figurent au pp. 538-539 de l'Annuaire de 1940.
