**Prices of Canadian Agricultural Produce.**—Tables 32-36 record the prices quoted during 1914 for Canadian agricultural produce. Tables 32 and 33, furnished by the Board of Grain Commissioners for Canada, show the weekly range of the prices of different grades of wheat, barley, oats and flax at Winnipeg and Fort William; these prices are for the weeks ended Saturday. Table 34 gives the prices quoted for Canadian wheat, wheat flour and oats in British markets. The prices are compiled from the Market Supplements of the *Mark Lane Express*, London, England, and represent the range at the weekly Monday market. Tables 35 and 36 give the prices in British markets of Canadian bacon, hams and cheese; they are taken from the official returns of the English and Scottish Boards of Agriculture and represent, not the range, but the first and second qualities respectively. For the purposes of these tables the English currency, weights and measures have been converted into Canadian equivalent denominations.
