3.—Number of Pupils Enrolled and in Average Attendance in All General Schools, and in High School Grades, in Cities of 10,000 or over, by Sex, 1934, or Latest Year Reported.

NOTE.—The high school enrolment in Quebec cities is not given because it would not be complete without including the high school pupils of the classical colleges and independent classical schools and of the normal schools. The figures for secondary grades for Ontario cities represent high schools, vocational schools, and collegiate institutes only; they do not include pupils in fifth classes.
