PART IX.—THE PRESS

The Dominion Bureau of Statistics does not collect statistics regarding the circulation of newspapers and periodicals in Canada, but certain figures, compiled from *McKim's Directory of Canadian Publications*, have been published in former editions of the Year Book. As the publication of that Directory was suspended for the duration of the War, no later figures are available than those for 1941. Circulations of such publications in cities of 20,000 population or over in 1941 and the circulations of French language publications by provinces in 1940 and 1941 are given at pp. 659-660 of the 1943-44 Year Book. A table at p. 669 of the 1942 Year Book enumerates the periodical publications in Canada by frequency of issue and Tables 1 and 2 at p. 749 of the Year Book gives the circulation of the daily, semi-weekly and weekly English and French papers by provinces, for 1941.

A special article on the Democratic Functioning of the Press appears at pp. 744-746 of the 1945 Year Book.
