Patient days during year.....	934,196	923,779	877,054	1,029,935	1,076,207

## Subsection 1.—Statistics of Public Hospitals

Movement of patients, personnel and facilities for in-patients in public hospitals in 1951 are summarized in Tables 4 and 6. Revenue and expenditure are shown in Table 5; the last item in this table, cost per patient day, provides a connection between patient and financial statistics.
