<sup>1</sup> Province reports lump sums only for Grades I to III and IV to VI; numbers for these individual grades are estimated. <sup>2</sup> Includes 350 Grade XI students and 58 Grade XII students enrolled in Prince of Wales College.

**Teaching Staffs.**—In 1952, the teaching staffs of provincially controlled elementary and secondary schools comprised 25,216 men and 68,731 women, a total of 93,947. Omitting Quebec for which comparable data are not available, 38 p.c. of the teachers were in cities, 31 p.c. were in towns and villages, 20 p.c. were in one-room rural schools, and the remaining 11 p.c. in schools of two or more rooms outside of urban centres. Again omitting Quebec where 36 p.c. of the teachers were members of religious orders, approximately 25 p.c. of the women teachers were married. Of the total number of teachers in the other nine provinces, at least 10 p.c. were only partially trained or were untrained; also, at least 15 p.c. of the total staff leave the profession each year.
