Subsection 2.—The Fish-Processing Industry

In 1952, a total of 635 firms were engaged in the fish-processing industry in Canada (including Newfoundland). The marketed value of their products was \$134,725,000, about 17 p.c. lower than in 1951; this decrease was mainly accounted for by a drop in the value of British Columbia fisheries.

7.—Summary Statistics of Fish-Processing Establishments, 1948-52

Item	1948	1949	1950	1951	1952
Establishments—
