Training of Military Personnel.—Provision is made for the training of service tradesmen in such categories as might be requested by the Department of National Defence and for whom the provincial governments have the necessary training facilities. Training during 1952-53 was on a comparatively small scale, with an enrolment of 713 trainees in the Provinces of New Brunswick, Quebec, Ontario, Manitoba and Alberta. Training was given to driver-mechanics, motor-vehicle mechanics and electrical mechanics for the Army and in telecommunications for the RCAF. The entire cost of this type of training is paid by the Federal Government. Allotments made for the year ended Mar. 31, 1953, and claims paid (including commitments from previous years) to Apr. 30, 1953, were as follows:—

<u>Province</u>	<u>Service</u>	<u>Allotment</u>	<u>Payment</u>

Training of Workers for Defence Industries.—Agreements have been entered into with the Provinces of British Columbia, Alberta, Manitoba, Ontario, Quebec, New Brunswick and Nova Scotia and special classes for the training of workers in defence industries have been established. Such classes have been organized in aircraft sheet-metal work, machine-shop practice and machine-tool operations, welding and drafting. Industrial establishments are being encouraged to organize and operate plant-training programs and special pre-employment classes may be set up to meet any general need that may develop. Federal Government allotments and payments made for the year ended Mar. 31, 1953, were as follows:—
