<sup>1</sup> Includes newborn.<sup>2</sup> 69 public hospitals reporting other information did not report finances.

**Mental Institutions.**—Data on movement of patients and personnel number for the 96 mental institutions that reported to the Dominion Bureau of Statistics in 1954 are given in Table 15. Table 16 presents revenue and expenditure for 72 of those institutions; financial statistics were not reported by one municipal hospital in Nova Scotia, one provincial and one lay hospital in Quebec, one federal hospital in each of Ontario and Quebec and the 19 psychiatric units.

Government and municipal payments made up 82.6 p.c. of all the revenue received by mental institutions and salaries accounted for 58.1 p.c. of the total maintenance expenditure. (New buildings and improvements took 12.0 p.c. of the expenditure in 1952. Prince Edward Island, with only one institution reporting, was the only province showing no expenditure for this item. Ontario's outlay amounting to \$5,070,039, accounted for 20.8 p.c. of all its 1952 expenditure for this purpose.)
