

PART VI.—STATISTICAL SUMMARY OF THE PROGRESS OF CANADA 1871-1954

Newfoundland entered Confederation in 1949 and figures for that Province have since been included with Canadian statistics as they have become available. Under each item in the following Summary, the inclusion of Newfoundland data for the first time is indicated by a black dot (•). If no dot is shown on any of the years from 1951-54 for a particular item, Newfoundland is excluded throughout. In some instances the symbol does not apply. Revisions of figures published in previous editions of the Year Book are not indicated in this Summary.
