

Preface to Year Book and Almanac of Canada

FOR 1873.

SEVENTH YEAR OF PUBLICATION.

The marked and continued success which has attended the publication of the YEAR BOOK, since its first issue in 1866, is accepted by the Publishers as an indication of the favour with which the volume of 1873 will be received.

The volume of 1873 contains, as its predecessors have done, full and authentic information of public interest pertaining to British North America.

The same great pains which were bestowed in former years to secure accuracy, have not been spared in the volume for 1873; and it may be stated, with positiveness, that the same amount and variety of information on public matters of interest to the Dominion cannot be elsewhere found in a single volume.

The progress which has been made by Canada in increase of wealth, in every department, since the Confederation, is simply extraordinary.

The *Year Book* is a hand-book carefully classified and indexed, containing facts, necessary to be known in all parts of the Dominion, and sold for a nominal price; it has therefore the largest circulation of any publication in the Dominion.

THE INDEX will be found at the end of the reading matter.

PUBLISHER'S NOTICES.

Any Advertisement sent to the *Year Book*, not received in time for the first edition, will be inserted in all subsequent editions of this year, and in the first edition of next year, so that it will obtain one clear year's insertion.

From having a larger circulation than any other publication in the Dominion, extending to all parts, it offers the greatest advantages to advertisers.

The YEAR BOOK has also a large circulation in Great Britain, the United States and distant colonies of the Empire.

Price 25 Cents. Allowance made to the trade. All orders for YEAR BOOKS will be despatched in the order received.

Back numbers of the *Year Book* may be obtained on application to the publishers, containing a continuous record of public events in Canada for the last seven years.
