

THE CANADA YEAR BOOK 1909

The Canada Year Book 1909 is the fifth volume of the Second Series. In order to keep this work within reasonable limits, and also within its appropriation, tables iv, v, vi in part, vii to xii inclusive, xiv to xix inclusive, xxii, xxiv, xxv, xxvii, xxix, xxxi to lxiv inclusive, lxvi to lxxvi inclusive, lxxviii to lxxx inclusive, lxxxii and lxxxvi to xciii inclusive in the volume for 1908 have been omitted. These made a total of 128 pages. The new tables relate chiefly to manufactures and railways and occupy 25 pages. The tables have been prepared by Messrs. Joseph Wilkins and James Skead, and the notes of Events of the Year by Mr. E. H. Godfrey. The index at the end of the volume has been revised with the object of facilitating reference by the adoption of a more strictly alphabetical arrangement.
