

Canada's Foreign Trade Service representatives abroad (pp. 987-990), a discussion of the new measure of retail prices entitled "The Consumer Price Index" (pp. 1010-1014) and estimated book value of investments in all petroleum companies (pp. 1088-1089). The statistical detail of Federal Government expenditure, Mar. 31, 1949-1952 (pp. 1033-1034) has been recast; and summaries of current Federal legislation are complete to December 1952. The Appendices at the close of the volume recount legislation pertaining to the Redistribution of Federal Parliamentary Constituencies, 1952, and list the personnel of five Provincial Governments elected to power since mid-summer 1952. The Introduction to the volume serves to highlight the major economic developments of 1951 and 1952.

The co-operation of numerous officials of the various Departments of the Federal and Provincial Governments in the preparation of material for the Year Book is hereby gratefully acknowledged.

The present volume has been produced in the Information Services Division of the Bureau under the Editorship of C. C. Lingard, M.A., Ph.D., assisted by the Year Book Staff. Charts and graphs have been prepared under the direction of J. W. Delisle, Senior Draughtsman of the Bureau.

With a view to the improvement of future editions, the Editor welcomes information bearing on any errors or omissions that may have escaped notice and suggestions respecting methods of treatment.
