

du tableau 28, présentant l'actif et le passif des provinces. Les renvois au bas de la page indiquent que le passif indirect consiste essentiellement en garanties d'actions et obligations. D'une manière générale, on constate que l'actif et le passif des provinces possédant et exploitant leurs propres utilités publiques sont plus élevés que ceux des autres provinces.

23.—Relevé des recettes et dépenses ordinaires des gouvernements provinciaux, pour les exercices budgétaires respectifs, 1869-1920.
