On a éliminé des statistiques de 1922 certaines industries du groupe "construction, réparations et travail à façon"; cela étant, les chiffres des années 1916 à 1921 ont été modifiés en conséquence, pour rétablir la possibilité de comparaison. Les industries exclues embrassent le vêtement sur mesure, la teinturerie, le blanchissage, la cordonnerie, la bijouterie, la réparation des autos et bicyclettes, les ateliers des forgerons, la fabrication du ciment, de la brique, de la tuile, des tuyaux d'égoût, de la faïence et de la poterie; enfin les fours à chaux et les salines.
