

la première fois, amenant une hausse correspondante des sous-produits de l'industrie du gaz naturel. La production de charbon est demeuré la même qu'en 1962.

La valeur des matériaux de construction a atteint 366 millions par rapport à 356 millions en 1962. La demande de briques, tuiles, ciment et plâtre a été à peu près la même, mais les travaux de voirie ont demandé plus de pierre, de sable et de gravier.

5.—Quantité et valeur des minéraux produits, 1961-1963
